and Technology Hubli

Mechanical Engineering

B.E • Aug 2018 – Sept 2022

WORK EXPERIENCE

Insnap Technology Pvt. Ltd | Ass. Product Designer • Dec 2025 – Oct 2026

- Evaluated ReachStream's MVP experience to understand goals, user engagement challenges, and define a 3-5 month UX/UI roadmap focused on onboarding, design consistency, AI initiatives, Design System, and product improvements.
- Created product documentation, feature walkthroughs, and knowledge-sharing materials to help teams understand the product vision, customer needs, and business objectives.
- Redesigned website and product experiences using modular storytelling, information architecture, and clear product messaging, while guiding a junior designer and intern through planning, feedback, and design reviews.

Independent Product Designer • Jan 2024 – Sep 2025

- Designed websites for Sankanur Groups and Crinsun Technology, translating client objectives, user needs, and business goals into digital solutions.
- Led projects from generating requirements to design delivery, collaborating with stakeholders and developers to create intuitive experiences that supported engagement, accessibility, lead generation, and scalable modular website structures.
- Contributed to the design of an AI-powered lender management platform at Binocs, collaborating with the UX Design Lead to simplify user journeys, define end-to-end workflows, and improve the experience for different user scenarios across the product.

Kalagato, Bangalore | UX/UI Designer • Jul 2023 - Dec 2023

- Conducted a UX audit of the Sale Invoice flow, identifying workflow gaps and usability issues, and collaborated with product managers, developers, and senior designers to define the redesign scope and improve 60% of the experience through a phased UX strategy.
- Redesigned user flows and interface layouts with guided onboarding, structured data entry, and draft-saving capabilities to simplify invoice creation, improve usability, and support better task completion.

Deepthought Edutech | UX Intern Disruption Fellow • Apr 2021 – Sep 2021

- Conducted UX research, user interviews, and usability testing for a Socratic learning platform, collaborating with senior UX researchers to identify user challenges and research gaps that informed product and design decisions.

DISTRICT 92 • TOASTMASTERS INTERNATIONAL

District Officer | Area H1 Director • July 2025 - June 2026

- Led 5 Toastmasters clubs across Hubli, including the Infosys Hubli DC Club, through leadership development and performance tracking, earning President's Distinguished Area Director recognition and the district's highest membership retention award.
